

Campus Recruitment 2015 – 2016

“Invitation”

The Training & Placement Cell, VNS Group of Institutions, Bhopal, welcomes recruiters for participation in the Campus Recruitment Programme for the Batch graduating in the year 2016. The Campus Recruitment Programme, organised every year in the penultimate semester of the B.E. / B.Pharm / MBA and PGDM Programme has successfully met the HR needs of leading recruiters in the past years.

This programme on the one hand facilitates the student to showcase their technical as well as soft skills and gives an opportunity to the recruiters to recruit from this talent pool. The rigours of study at VNS, coupled with lab practice and balanced exposure to the Industry as well as extracurricular activities on campus through a range of student clubs and societies, brings out the best from the students and prepares them well for challenging leadership roles.

CAMPUS VISIT-FACILITATION

Pre-visit Initiative:

The Institute welcomes and facilitates early Pre-Placement Talks/Presentations. All Job Notifications along with any other material provided by the recruiters are displayed on the portal as well as the notice boards.

Student's details are provided to the recruiters on an excel sheet. Soft copies of resume's can also be forwarded, if so required, through e-mail.

During the Campus Visit:

The institute takes pride in arranging the best hospitality for the recruitment team from arranging travel, local travel, stay, local sightseeing etc.

- The Institute's auditorium / seminar halls are well equipped with the audio-visual facilities for presentations.
- Adequate space is provided for the written tests that are a part of the selection process. Large halls with every convenience are kept ready solely for this purpose.
- For online tests computer labs, fully networked and connected to a 10 MBPS network are provided. 150 students can take online test at one time.
- The Placement block has well designed and air-conditioned rooms for conducting GD's & Interviews.
- Video Conferencing facilities are also available for facilitating the interview process, if required.
- A dedicated team of student placement coordinators actively support the campus recruitment process.
- Cafeteria and transportation for participating students is available after regular operating hours of the institute.

PLACEMENT NORMS

Placement facility is available to all students registered with the Training and Placement office. Once the placement process is initiated the students may attend the presentations made by different organizations and accordingly make their decision to attend the respective selection process.

The placement policy calls for one job per student unless the minimum salary difference is 40% or above between the two companies.

Placement office takes the responsibility of centrally receiving all offer letters, distribution of the same as well as sending the acceptance letters to the companies.
